(3)

(4)

(5)

(6)

A complex geometric pattern composed of black lines of varying thicknesses on a white background. The pattern forms a grid of squares and rectangles of various sizes, creating a sense of depth and architectural structure. The lines intersect to form a series of nested and adjacent rectangular spaces, some of which are further subdivided. The overall effect is that of a stylized floor plan, a mathematical diagram, or a modernist architectural drawing. The pattern is dense and intricate, with a high degree of geometric precision.

(9)

(11)

A complex geometric pattern of black lines forming a grid of rectangles of various sizes, resembling a stylized architectural floor plan or a mathematical diagram. The pattern is composed of numerous horizontal and vertical lines that intersect to create a variety of rectangular shapes, some of which are further subdivided into smaller rectangles. The overall structure is dense and intricate, with lines of varying thicknesses and lengths. The pattern is set against a white background and is enclosed within a thin black border. The lines are black and have a consistent thickness throughout the image. The rectangles vary in size and orientation, creating a sense of depth and complexity. The pattern is not a simple grid but a more sophisticated arrangement of nested and adjacent rectangles. The overall effect is that of a technical drawing or a mathematical proof, possibly related to geometry or topology. The pattern is centered on the page and occupies most of the visual space. The lines are perfectly straight and the intersections are sharp, suggesting a digital or vector-based origin. The pattern is a single continuous design, with no separate elements or layers. The overall impression is one of precision and order, despite the apparent complexity of the arrangement. The pattern is a visual representation of a structured system, where the relationships between the different rectangular components are clearly defined by the lines. The pattern is a testament to the power of simple geometric elements to create a rich and detailed visual language. The pattern is a perfect example of how a few basic rules can lead to a highly complex and interesting result. The pattern is a beautiful blend of mathematics and art, showing how these two disciplines can intersect in a meaningful and visually striking way. The pattern is a work of geometric art, where the beauty lies in the logic and structure of the design. The pattern is a visual puzzle, inviting the viewer to explore the relationships between the different shapes and lines. The pattern is a source of intellectual stimulation, as it challenges the viewer to understand the underlying structure and rules that govern the design. The pattern is a masterpiece of geometric design, combining simplicity and complexity in a way that is both aesthetically pleasing and intellectually challenging. The pattern is a perfect example of how a few basic rules can lead to a highly complex and interesting result. The pattern is a beautiful blend of mathematics and art, showing how these two disciplines can intersect in a meaningful and visually striking way. (24)

(27)

A complex geometric pattern composed of numerous black-outlined rectangles of various sizes and orientations, arranged in a dense, abstract composition. The rectangles are primarily white with black borders, set against a white background. The pattern is highly irregular, with some rectangles forming larger, more complex shapes through nesting or adjacency. The overall effect is reminiscent of a stylized architectural floor plan, a mathematical tiling, or a modern abstract artwork. The rectangles are distributed across the entire frame, with some areas being more densely packed than others. The lines are thin and black, creating a high-contrast visual. The pattern does not contain any text or other graphical elements.

The image is a 10x10 grid. The cells contain black lines as follows:

- Row 1: Cell (1,1) has a vertical line. Cell (1,2) has a vertical line. Cell (1,3) has a horizontal line. Cell (1,4) has a vertical line. Cell (1,5) has a vertical line. Cell (1,6) has a vertical line. Cell (1,7) has a vertical line. Cell (1,8) has a vertical line. Cell (1,9) has a vertical line. Cell (1,10) has a vertical line.
- Row 2: Cell (2,1) has a vertical line. Cell (2,2) has a vertical line. Cell (2,3) has a horizontal line. Cell (2,4) has a vertical line. Cell (2,5) has a vertical line. Cell (2,6) has a vertical line. Cell (2,7) has a vertical line. Cell (2,8) has a vertical line. Cell (2,9) has a vertical line. Cell (2,10) has a vertical line.
- Row 3: Cell (3,1) has a vertical line. Cell (3,2) has a vertical line. Cell (3,3) has a horizontal line. Cell (3,4) has a vertical line. Cell (3,5) has a vertical line. Cell (3,6) has a vertical line. Cell (3,7) has a vertical line. Cell (3,8) has a vertical line. Cell (3,9) has a vertical line. Cell (3,10) has a vertical line.
- Row 4: Cell (4,1) has a vertical line. Cell (4,2) has a vertical line. Cell (4,3) has a horizontal line. Cell (4,4) has a vertical line. Cell (4,5) has a vertical line. Cell (4,6) has a vertical line. Cell (4,7) has a vertical line. Cell (4,8) has a vertical line. Cell (4,9) has a vertical line. Cell (4,10) has a vertical line.
- Row 5: Cell (5,1) has a vertical line. Cell (5,2) has a vertical line. Cell (5,3) has a horizontal line. Cell (5,4) has a vertical line. Cell (5,5) has a vertical line. Cell (5,6) has a vertical line. Cell (5,7) has a vertical line. Cell (5,8) has a vertical line. Cell (5,9) has a vertical line. Cell (5,10) has a vertical line.
- Row 6: Cell (6,1) has a vertical line. Cell (6,2) has a vertical line. Cell (6,3) has a horizontal line. Cell (6,4) has a vertical line. Cell (6,5) has a vertical line. Cell (6,6) has a vertical line. Cell (6,7) has a vertical line. Cell (6,8) has a vertical line. Cell (6,9) has a vertical line. Cell (6,10) has a vertical line.
- Row 7: Cell (7,1) has a vertical line. Cell (7,2) has a vertical line. Cell (7,3) has a horizontal line. Cell (7,4) has a vertical line. Cell (7,5) has a vertical line. Cell (7,6) has a vertical line. Cell (7,7) has a vertical line. Cell (7,8) has a vertical line. Cell (7,9) has a vertical line. Cell (7,10) has a vertical line.
- Row 8: Cell (8,1) has a vertical line. Cell (8,2) has a vertical line. Cell (8,3) has a horizontal line. Cell (8,4) has a vertical line. Cell (8,5) has a vertical line. Cell (8,6) has a vertical line. Cell (8,7) has a vertical line. Cell (8,8) has a vertical line. Cell (8,9) has a vertical line. Cell (8,10) has a vertical line.
- Row 9: Cell (9,1) has a vertical line. Cell (9,2) has a vertical line. Cell (9,3) has a horizontal line. Cell (9,4) has a vertical line. Cell (9,5) has a vertical line. Cell (9,6) has a vertical line. Cell (9,7) has a vertical line. Cell (9,8) has a vertical line. Cell (9,9) has a vertical line. Cell (9,10) has a vertical line.
- Row 10: Cell (10,1) has a vertical line. Cell (10,2) has a vertical line. Cell (10,3) has a horizontal line. Cell (10,4) has a vertical line. Cell (10,5) has a vertical line. Cell (10,6) has a vertical line. Cell (10,7) has a vertical line. Cell (10,8) has a vertical line. Cell (10,9) has a vertical line. Cell (10,10) has a vertical line.

(51)

A complex geometric pattern composed of black lines on a white background. The pattern is a grid-like structure with various rectangular and square shapes. Some cells within the grid contain horizontal lines, while others are empty. The overall layout is a 10x10 grid of squares. The top-left 4x4 area contains a sub-grid of smaller squares, some of which are further divided by horizontal lines. The bottom-left corner features a 3x3 grid of squares, with the central square being larger than the others. The rest of the grid is composed of larger squares, some of which are further divided by horizontal lines. The pattern is symmetrical along the vertical axis.

A complex geometric pattern composed of black lines on a white background. The pattern is a non-uniform grid of rectangles of various sizes, orientations, and proportions. The lines intersect to form a series of nested and adjacent rectangular spaces, creating a sense of depth and structure. The overall shape is roughly rectangular, with the pattern filling most of the frame. The lines are thin and black, and the spaces they define are white. The pattern is reminiscent of a stylized architectural floor plan, a mathematical diagram, or a modernist art piece.

(58)

A complex geometric pattern of black lines on a white background, resembling a stylized grid or a map. The pattern consists of numerous rectangles and squares of varying sizes, some of which are further subdivided into smaller rectangles. The overall layout is asymmetrical and abstract, with lines extending across the entire frame.

(75)

(76)

(79)

A complex geometric pattern composed of black lines forming a grid of squares and rectangles of various sizes, creating a minimalist architectural design. The pattern is dense and non-repeating, with lines intersecting to form a variety of shapes and spaces. The overall effect is one of a structured yet organic layout, reminiscent of a modernist architectural plan or a decorative wall paper.

A complex geometric pattern composed of black lines of varying thicknesses, creating a grid of squares and rectangles of different sizes. The pattern is dense and irregular, with some areas featuring multiple parallel lines, suggesting depth or different levels of a structure. The overall effect is that of a stylized architectural floor plan or a mathematical diagram, possibly representing a tiling or a specific geometric construction. The lines are black on a white background, and the pattern fills the entire frame.

(84)

This image is a complex geometric pattern composed of numerous white rectangles of various sizes, separated by thin black lines. The rectangles are arranged in a dense, abstract composition, creating a sense of depth and movement. The pattern is reminiscent of a modernist architectural drawing or a minimalist abstract painting. The rectangles are of various sizes and are arranged in a way that creates a sense of depth and movement. The pattern is dense and abstract, with no discernible text or figures. The overall effect is one of a complex, layered structure.

(119)

The image displays a 10x10 grid with a complex pattern of black and white squares. The pattern is composed of several interconnected shapes, including a large 'A' shape on the left, a large 'L' shape on the right, and a central 'X' shape. The grid is filled with black squares, while the remaining squares are white. The overall effect is a high-contrast, abstract geometric design.

A 10x10 grid with a complex pattern of black lines. The pattern consists of several interconnected shapes. At the top, there is a row of four squares, followed by a row of three squares, and then a row of two squares. Below these, there is a large rectangular area that is mostly empty, with a few small squares filled in. The bottom of the grid features a row of four squares, followed by a row of three squares, and then a row of two squares. The overall shape is irregular and complex, with many small gaps and protrusions.

(127)

(128)

(129)

(130)

A 10x10 grid with a complex pattern of black and white squares. The pattern is composed of several interconnected shapes, including a large 'A' shape in the center, a vertical bar on the right, and various smaller rectangular blocks. The grid is defined by black lines, and the squares are either black or white. The overall structure is symmetrical along the vertical axis.

The image displays a 10x10 grid with a complex black line pattern. The pattern is composed of vertical lines of varying heights and widths, creating a series of rectangular blocks and narrow channels. The overall structure is symmetrical and resembles a stylized letter 'A' or a complex architectural facade. The pattern is formed by a series of vertical lines that intersect at various points, creating a grid of smaller rectangles. The lines are black and have a consistent thickness. The background is white. The pattern is centered and occupies most of the grid area.

(133)

The image displays a complex geometric pattern composed of black-outlined rectangles of various sizes, arranged in a non-uniform, abstract layout. The pattern features a central vertical column of rectangles, with horizontal and vertical lines extending from them to create a grid-like structure. The overall shape is irregular, with some areas being more densely packed with rectangles than others. The pattern is composed of several distinct sections: a top section with a few large rectangles, a middle section with a dense grid of smaller rectangles, and a bottom section with a mix of large and small rectangles. The lines are black and of uniform thickness, set against a white background.

(137)

The image displays a complex geometric pattern composed of numerous black rectangles of varying sizes and orientations, set against a white background. The pattern is highly abstract and resembles a stylized architectural floor plan or a mathematical diagram. The rectangles are arranged in a way that creates a sense of depth and structure, with some rectangles nested within others or adjacent to them. The overall composition is dense and intricate, with a high degree of geometric precision. The rectangles are primarily oriented horizontally and vertically, with some diagonal lines and smaller, more complex shapes interspersed throughout. The pattern is not uniform, with some areas being more densely packed than others, and it lacks a clear, repeating motif, suggesting a unique, one-time design.

(141)

A complex geometric pattern composed of black lines of varying thicknesses, creating a grid of rectangles and squares of various sizes. The pattern is dense and irregular, with lines intersecting to form a variety of shapes. Some areas are solid black, while others are white. The overall effect is reminiscent of a stylized architectural floor plan, a mathematical diagram, or a modern abstract artwork. The lines are primarily horizontal and vertical, with some diagonal lines interspersed. The pattern is contained within a rectangular frame.

(175)

(176)

The image displays a complex geometric pattern composed of numerous black-outlined rectangles of varying sizes and orientations. The rectangles are arranged in a way that suggests a stylized architectural floor plan or a mathematical grid. The pattern is dense, with many rectangles nested within or adjacent to others, creating a complex, abstract composition. The overall shape of the pattern is roughly rectangular, with some irregularities on the right side. The rectangles are primarily white with black outlines, and they are arranged in a way that creates a sense of depth and structure. The pattern is composed of many small rectangles, some of which are very thin, and others that are larger and more prominent. The arrangement of these rectangles creates a complex, interlocking structure that is both visually interesting and mathematically precise. The pattern is a single, continuous design that fills the entire frame, with no background or other elements visible. The rectangles are arranged in a way that suggests a sense of order and structure, despite the complexity of the overall composition. The pattern is a single, continuous design that fills the entire frame, with no background or other elements visible. The rectangles are arranged in a way that suggests a sense of order and structure, despite the complexity of the overall composition. The pattern is a single, continuous design that fills the entire frame, with no background or other elements visible. (213)

(214)

The image displays a complex, abstract geometric pattern composed of numerous black-outlined rectangles and squares of varying sizes, arranged on a white background. The pattern is highly symmetrical, with a central vertical axis of symmetry. The design is reminiscent of a stylized architectural floor plan or a modular geometric composition. Key features include: a large, central rectangular area; several smaller rectangles and squares arranged in a grid-like fashion; and a series of thin, vertical lines that create a sense of depth and structure. The overall effect is one of a meticulously planned, geometric composition.

(217)

(218)

(220)

(221)

(222)

(223)

The image displays a 10x10 grid with a complex, fractal-like pattern of black and white squares. The pattern is symmetric across the main diagonal. The top-left 5x5 area is mostly white, while the bottom-right 5x5 area is mostly black. The off-diagonal elements form a complex, fractal-like pattern.

(225)

(227)

(228)

(230)

(231)

(232)

(233)

[illegible]

A complex geometric pattern composed of black lines on a white background. The pattern is a non-uniform grid of rectangles and squares of various sizes. Some cells are further subdivided into smaller rectangles. The overall layout is irregular, with some large open spaces and others filled with dense, smaller rectangular divisions. The lines are thin and black, creating a high-contrast, architectural or technical drawing appearance.

(255)

(256)

A complex geometric pattern composed of numerous black-outlined rectangles of varying sizes. The rectangles are arranged in a non-uniform grid, with some areas featuring larger blocks and others containing smaller, more intricate subdivisions. The overall composition is dense and abstract, resembling a stylized architectural plan or a mathematical tiling. The rectangles are primarily white with black borders, set against a white background. The pattern is composed of several main vertical sections, each further divided into horizontal and vertical sub-sections. The rectangles vary in aspect ratio, with some being tall and narrow, others being wide and short, and some being nearly square. The arrangement creates a sense of depth and complexity, with the lines of the rectangles intersecting to form a variety of smaller shapes and spaces. The overall effect is one of a carefully constructed, yet seemingly random, geometric design.

(258)

(260)

A complex geometric pattern composed of black lines on a white background. The pattern is a grid of squares and rectangles of various sizes, arranged in a way that suggests a stylized architectural floor plan or a mathematical diagram. The lines are of uniform thickness and intersect to form a series of nested and adjacent rectangular shapes. The overall structure is roughly square, with a smaller, more intricate section on the left side and a larger, more uniform section on the right. The pattern is composed of a series of horizontal and vertical lines that create a sense of depth and structure.
